

REINFORCING SUCCESS

WINFAB® Coir Mat 400 is manufactured using 100% natural, well cleaned, evenly spun, and biodegradable coir netting.

WINFAB® Coir Mat 400 is excellent in holding seeds and soil in place while vegetation is developed. As it biodegrades over time, it releases beneficial nutrients to the soil to help further increase the vegetative development. **WINFAB Coir Mat 400** naturally absorbs water while still maintaining its structural integrity.

PRODUCT DATA SHEET WINFAB® Coir Mat 400

PROPERTY	TEST METHOD	TYPICAL ENGLISH	TYPICAL METRIC
Wide Width Tensile (Dry)	ASTM D4595	788 x 596.1 lbs/ft	11.5 x 8.7 kN/m
Elongation (Dry)	ASTM D4595	35 x 30%	35 x 30%
Wide Width Tensile (Wet)	ASTM D4595	630.4 x 513.9 lbs/ft	9.2 x 7.5 kN/m
Elongation (Wet)	ASTM D4595	47 x 44 %	47 x 44 %
Weight	ASTM D3776	11.8 oz/yd ²	400 g/m ²
Water Flow Velocity	-	7.87 ft/sec	2.4 m/sec
Open Area	-	65%	65%

PROPERTY	TEST METHOD	TYPICAL ENGLISH	TYPICAL METRIC
Roll Dimensions	Measured	6.6 ft x 164 ft 13.1 ft x 164 ft	2 m x 50 m 4 m x 50 m
Roll Area	Measured	120.26 yd ² 239.19 yd ²	100 m ² 200 m ²
